

BREAK THE CHAINS!

Repeal IRCA Now!

GUESTWORKER PROGRAMS = LEGALIZED SLAVERY

Join us in saying **NO** to **guestworker programs** and other legislative measures that seek to further divide our communities.

H.R. 4437, (the Sensenbrenner/King bill) & guest-worker programs are an extension of IRCA, which 20 years ago criminalized immigrants and established an underclass of undocumented workers, under the guise of punishing employers for knowingly hiring undocumented workers. At the same time, U.S. citizens and documented workers must compete with an underclass of labor that has no rights.

It's not enough to STOP H.R. 4437. Every single proposal in Congress will further divide our communities so that we fight over crumbs. These proposed "immigration reforms" will hurt not only immigrants and undocumented, but all working people.

We demand:

- **REPEAL AND REPLACEMENT of EMPLOYER SANCTIONS provision of IRCA**
- **PROVISIONS FOR ONGOING ADJUSTMENT OF STATUS FOR UNDOCUMENTED IMMIGRANTS**
- **STRENGTHEN & ENFORCE LABOR LAW FOR ALL**
