

Latino delivery workers sue the Flor de Mayo Restaurant

Workers did the jobs of a deliveryman and a porter -72 hrs per week- and were only paid \$1.25 an hour.

They demand their owed wages and they want just salaries for the two jobs they are now performing

"I heard the boss (Phillip Chu) say to a worker, 'This dish-washing machine is worth more than your life.'"

"We are not slaves!!!"

Are you a delivery worker?
Having problems at your job?
